Subjects

Advanced nursing practice

Early identification and management of critical incident stress [Caine] Feb:59

Psychological influences in critical care: perspectives from psychoneuroimmunology [Caine] Apr:60

Age specific care

HIV disease and aging: the hidden epidemic [Ress] Oct:38

Anxiety reduction

Effects of patient-controlled music therapy during coronary angiography on procedural pain and anxiety distress syndrome [Bally] Apr:50

Blood conservation

Blood management strategies for critical care patients [Vernon] Dec:34

Brain injuries

Needs of family members of patients with severe traumatic brain injury: implications for evidence-based practice [Bond] Aug:63

Brain tissue oxygen monitoring in severe brain injury, I: research and usefulness in critical care [Littlejohns] Aug:17

Brain tissue oxygen monitoring in severe brain injury, II: implications for critical care teams and case study [Littlejohns] Aug:29

Cardiomyopathy, hypertrophic

Hypertrophic obstructive cardiomyopathy and septal ablation [Steinbis] June:47

Catheter ablation
Hypertrophic obstructive cardiomyopathy and septal ablation [Steinbis] June:47

Chemical warfare agents
Chemical warfare: toxicity of nerve agents [Martin] Oct:15

Chemotherapy management
Managing nausea and vomiting: current strategies [Garrett] Feb:31

Confusion
Monitoring delirium in critically ill patients: using the confusion assessment method for the intensive care unit [Truman] Apr:25

Contrast media
Acetylcysteine and fenoldopam: promising new approaches for preventing effects of contrast nephrotoxicity [Thompson] June:39

Coronary angiography
Effects of patient-controlled music therapy during coronary angiography on procedural pain and anxiety distress syndrome [Bally] Apr:50

Coronary disease
Reducing CAD by decreasing homocysteine levels [Coffey] Feb:25

Cost benefit analysis
Achieve cost benefits with innovative care management [Quintero] Apr:109

Critical care nursing
Print or store to folder? Critical care newsletter [Pasek] Feb:88

At the junction of life and death, it matters that you are there [Alspach] Aug:8

Resiliency of accomplished critical care nurses in a natural disaster [Sebastian] Oct:24

Critical incident stress
Early identification and management of critical incident stress [Caine] Feb:59

Delirium
Delirium during emergency from anesthesia: a case study [Burns] Feb:66

Monitoring delirium in critically ill patients: using the confusion assessment method for the intensive care unit [Truman] Apr:25

Drug therapy
Use of nesiritide to treat acute decompensated heart failure [Hachey] Feb:53

Advances in treating patients with severe sepsis: role of drotrecogin alfa (activated) [Kleinpell] June:16

Hemodynamic pharmacology of intravenous vasopressors [Kee] Aug:79

Education, nursing
An MSN curriculum in preparation of CCNSs: a model for consideration [Wilson] Dec:74

Enteral nutrition
Nutrition support in the intensive care unit: adequacy, timeliness, and outcomes [Roberts] Dec:49

Epilepsy
Epilepsy and pregnancy: maternal and fetal effects of phenytoin [Brewer] Apr:93

Family-centered care
Needs of family members of patients with severe traumatic brain injury: implications for evidence-based practice [Bond] Aug:63

Feeding tube care
Bedside placement of small-bowel feeding tubes in the intensive care unit [Powers] Feb:16

Heart failure, congestive
Use of nesiritide to treat acute decompensated heart failure [Hachey] Feb:53

AACN synergy model for patient care: case study of a CHF patient [Hardin] Feb:73

Pulsus alternans: a case study [Weber] June:51

Heart transplantation
A teaching documentation tool: building a successful discharge [Andrus] Apr:39

Heart valve diseases
Advances in cardiac surgery: valve repair [Wiegand] Apr:72

Hemodynamics
Hemodynamic monitoring in high-risk obstetrics patients, I: expected hemodynamic changes in pregnancy [Bridges] Aug:53

Hemodynamic pharmacology of intravenous vasopressors [Kee] Aug:79

Hemodynamic monitoring in high-risk obstetrics patients, II: pregnancy-induced hypertension and preeclampsia [Bridges] Oct:52

Herbs
Preoperative considerations: which herbal products should be discontinued before surgery? [Heyneman] Apr:116

Homocysteine
Reducing CAD by decreasing homocysteine levels [Coffey] Feb:25

Human immunodeficiency virus
HIV disease and aging: the hidden epidemic [Ress] Oct:38

Hypertension
Managing hypertension in patients with stroke: are you prepared for labetalol infusion? [Harrington] June:30

Military nursing
Anaphylactoid syndrome of pregnancy: a devastating complication requiring intensive care [De Jong] Dec:42

Monitoring, intracranial pressure
Brain tissue oxygen monitoring in severe brain injury, I: research and usefulness in critical care [Littlejohns] Aug:17

Brain tissue oxygen monitoring in severe brain injury, II: implications for critical care teams and case study [Littlejohns] Aug:29

Myoglobin
Rhabdomyolysis: pathophysiology, recognition, and management [Criddle] Dec:14

Natural disasters
Resiliency of accomplished critical care nurses in a natural disaster [Sebastian] Oct:24

Nausea and vomiting
Managing nausea and vomiting: current strategies [Garrett] Feb:31

Nephrotoxicity
Acetylcysteine and fenoldopam: promising new approaches for preventing effects of contrast nephrotoxicity [Thompson] June:39

Neurologic management
Potential benefits of bispectral index monitoring in critical care: a case study [Olson] Aug:45

Newsletters
Print or store to folder? Critical care newsletter [Pasek] Feb:88

Nurse–patient relations
Multihospital system adapts AACN synergy model [American Association for Critical-Care Nurses] Oct:88

Nurse–physician relations
Teamwork and hospital medicine: a vision for the future [Dichter] June:8

Nursing practice
AACN synergy model for patient care: case study of a CHF patient [Hardin] Feb:73

Supporting lifelong learning and competency development [Reu] Apr:136

Taking "Bold Voices" home—and to heart [Pate] Dec:96

Nutritional support
Bedside placement of small-bowel feeding tubes in the intensive care unit [Powers] Feb:16

Nutrition support in the intensive care unit: adequacy, timeliness, and outcomes [Roberts] Dec:49

Observation units
Keep pace with step-down care [Berke] Feb:56

Patient care
Accept no less than caring behaviors [Soldwisch] Aug:96

Patient education
A teaching documentation tool: building a successful discharge [Andrus] Apr:39

Pediatric care
Pulsus alternans: a case study [Weber] June:51

Personnel staffing and scheduling
Nurse staffing and patient outcomes: this is news? [Alspach] Feb:14

Postanesthesia care
Delirium during emergency from anesthesia: a case study [Burns] Feb:66

Preceptorship
Recognizing and rewarding nurse preceptors in critical care: some answers [Alspach] Apr:13

Pregnancy
Epilepsy and pregnancy: maternal and fetal effects of phenytoin [Brewer] Apr:93

Hemodynamic monitoring in high-risk obstetrics patients, I: expected hemodynamic changes in pregnancy [Bridges] Aug:53

Hemodynamic monitoring in high-risk obstetrics patients, II: pregnancy-induced hypertension and preeclampsia [Bridges] Oct:52

Anaphylactoid syndrome of pregnancy: a devastating complication requiring intensive care [De Jong] Dec:42

Preoperative care
Preoperative considerations: which herbal products should be discontinued before surgery? [Heyneman] Apr:116

Progressive patient care
Follow the rules to safer care delivery [Haghenbeck] Oct:69

Psychoneuroimmunology
Psychological influences in critical care: perspectives from psychoneuroimmunology [Caine] Apr:60

Rhabdomyolysis
Rhabdomyolysis: pathophysiology, recognition, and management [Criddle] Dec:14

Sedation
Potential benefits of bispectral index monitoring in critical care: a case study [Olson] Aug:45

Sepsis
Advances in treating patients with severe sepsis: role of drotrecogin alfa (activated) [Kleinpell] June:16

Stroke patients
Managing hypertension in patients with stroke: are you prepared for labetalol infusion? [Harrington] June:30

Students, nursing, graduates
New graduates: a precious critical care resource [Nibert] Oct:47

Surgery, cardiovascular
Advances in cardiac surgery: valve repair [Wiegand] Apr:72

Teaching methods
Blitz days program helps [Chadwick] June:80

Technology management
An upstream approach to selecting progressive care technology [Stahl] Aug:75

Thrombocytopenia
Argatroban: a new treatment option for heparin-induced thrombocytopenia [Cleveland] Dec:61

Toxic inhalation
Chemical warfare: toxicity of nerve agents [Martin] Oct:15

Understaffing
Nurse staffing and patient outcomes: this is news? [Alspach] Feb:14
